

## Physician office visits

A word cloud visualization showing the relationship between 'chronic' and 'hospital'. The words are arranged in a circular pattern, with 'chronic' at the top and 'hospital' at the bottom. Other words include 'insurance', 'health', 'gravel', 'E', 'card', 'excellent', and 'ent'. The words are colored in various shades of green, blue, and red.

## Non-physician office visits

A radar chart with five axes representing different insurance types: 'school' (pink), 'insurance' (brown), 'general' (green), 'health' (red), and 'hospital' (blue). The axes are labeled with their respective insurance types. A central point is labeled 'average'. A red dashed circle is drawn around the 'average' point, indicating the average importance of each factor. The 'health' axis shows the highest importance for 'school' insurance, while the 'hospital' axis shows the highest importance for 'hospital' insurance.
